BeeKeepers at Wisborough Green

Wisborough Green Division: West Sussex BeeKeepers Association

Interested in bees? Honey?

Honey soap, cakes, lotions, candles or biscuits?

Come and meet us in the Marquee!!

We are a friendly group of around 120 local and not-so-local folk who have an interest in honeybees and hive products – not ALL of us keep bees! We are of all ages and from many backgrounds – we are proud that many of our newer members are younger people with young families, keen for a family hobby. We have a teaching apiary near Wisborough Green, where we meet through the summer months, and where non-members are welcome to come and see what we do and to ‘have a go’ with guidance from an experienced beekeeper. Tunics and veils are available in all sizes!

At the show, most of our classes are ‘open’, so even if you don’t produce your own honey, but love cooking with it, or making hive products, you can still enter. Honey Show schedules are available from either Karen Clemens (karenclemens@tiscali.co.uk or 01403 751676) or Judy Knight (judyknight@hotmail.co.uk or 01403 752169)

Find out more about us from either Karen or Judy, or find our website at www.wgbka.org.uk.

Rules for Garden News TOP VASE

The Garden News Top Vase class is for a vase of mixed flowering stems containing a total of between five and ten stems, taken from a minimum of two different kinds of plants. Please note that it is two different KINDS of plants: two varieties of the same plant are NOT two kinds.

Only fresh, HOME-GROWN flowers can be used in the vase. No dried or silk flowers are allowed.

The display will be judged out of a total of 35 points, split into: 25 points for the colour, form, condition, quality and freshness of the flowers on display, and 10 marks for the overall presentation and effect of the flowers in the vase. The vase will be viewed from all directions. Judging of the flowers should be to the normal rules used for other classes.

Stems used in the display must be showing flowers only; no seed heads or berries will be allowed.

The vase can be any shape and size and made from any material, but must be in proportion to the display. No marks are awarded for the vase itself.

No accessories whatsoever - such as bows and additional foliage - will be allowed. Foliage, which is growing naturally from the flowering stem, and still attached to the stem, will be allowed. Packing material - including floral foam - to keep the stems in place is allowed

The winner of the Garden News Top Vase class will receive a £10 seed voucher, the runner-up will receive a £5 seed voucher and third place will receive a £3 seed voucher.

Notes for Exhibitors and Judges

Flowering stems can be taken from ANY flowering plant. The different kinds of plants need to be taken from different genera. For instance, pinks, carnations and sweet william - which are all *Dianthus* spp. - would not be classed as different kinds.

A vase, by definition, is any vessel that can be used to hold cut flowers and which is taller than it is wide at its widest point.

The Garden News Top Vase class is open for anyone to enter and judges should use their discretion, bearing in mind that the entries may come from inexperienced exhibitors.

Judges note the display has to be viewed all round.

The points awarded should be clearly marked by the judges on the exhibitors' cards.

Any queries that may arise, regarding anything other than the above rules, should be referred to, and decided by, the show officials.

Failure to abide by the rules will lead to disqualification.

Rules for Garden News TOP TRAY

The Garden News Top Tray class is for a collection of three types of vegetable taken from the following list of eight. The quantity of each vegetable required for the collection is given in brackets and each type must consist of the same variety.

Carrots (3), cauliflowers (2), onions (3), parsnips (3), peas (6 pods), potatoes (3), runner beans (6 pods), tomatoes (6). Each type of vegetable will be judged out of a total of 20 points. This is split into three sections as follows: seven points for size shape and colour, seven points for condition, six points for uniformity. The overall mark will therefore be out of a total of 60.

All vegetables are to be displayed for effect. The vegetables must be displayed within an area measuring 45cm by 60cm (18" x 24"), without bending any part them. No part of any exhibit may exceed the size of the tray. A tray or box measuring 45cm by 60cm (18" x 24") can be used to display the vegetables, or the area can simply be marked on the staging. Where a tray has a lip or edge, it is the internal measurements that must not exceed 45cm by 60cm (18" x 24").

A black cloth is permitted, and the tray may be painted, parsley is allowed for garnishing, but no other foliage or accessories, such as plates, sand, rings and so on, will be allowed. Onion tops may be tied or whipped using raffia or string. The winner of the Garden News Tray class will receive a £10 seeds voucher the runner-up will receive a £5 seeds voucher, third place will receive a £3 seeds voucher.

Notes for Exhibitors and Judges

Judges may handle exhibits, open pods and so on to check for quality.

The tray, board or staging must not be cut or mutilated in any way at all - such as cutting holes for standing onions in

Judges should use their discretion when judging the Top Tray class, remembering that entries may not come from regular exhibitors.

The points awarded should be clearly marked by the judges on the exhibitors cards.

Any queries that may arise, regarding anything other than the above rules, should be referred to, and decided by, the show officials.

Failure to abide by any of these rules will lead to disqualification

HINTS AND TIPS FOR EXHIBITING

The following should, hopefully, make showing easier and more productive. Remember to always leave yourself enough time! See also, RHS website, www.rhs.org.uk should you require further clarification.

General Tips

The major piece of advice has to be to read the schedule as judges never like to mark an entry NAS (not as schedule) so always ensure that the stated number of items are placed on the bench and that they are in the correct class.

All items should be clean and free from major blemishes but do not polish items, such as apples. Exhibits should be tidy and displayed in an attractive manner. Where exhibits are of an equal calibre the judge will award first prize to the one that is better displayed.

Individual items should wherever possible be of equal size and shape.

VEGETABLES *(unless stated exhibits should normally be of the same variety)*

Onions and Shallots: Skins should be dried off to an even tone. Loose and damaged skins should be removed but not too far down so that the white layers show.

Carrots/Beetroot/Parsnips: Roots should be washed with hair roots removed. Unless stated it is normally good practice to remove leaves but leave about 3”(75mm) of stalk which should be tied with raffia or string. Beetroot should be approx. cricket ball size.

Potatoes: Ensure they have clean skins and are of uniform size and shape for variety and the eyes should not be too deep. No scab marks or holes.

Lettuces: Lift early in the morning or evening. Leave roots on and pack in damp tissue paper covered in a plastic bag.

Cabbages: Leave at least 3”(75mm) of stalk on the exhibit.

Beans: Should be long, straight and of uniform thickness with some stalk attached.

Cucumbers: Fairly young, straight and of uniform thickness.

Peas: Large fresh pods with bloom intact. Cut with scissors leaving some stalk attached. Avoid finger marks.

Tomatoes: Approx. 2½”(65mm) in diameter with calyx attached. Richly coloured and fresh.

Herbs: Fresh, healthy and with no flowers or buds showing.

FLOWERS

Choose vases to suit the height of the stems. Flowers and foliage should be clean and free from disease and insect damage.

Dahlias: A comprehensive classification of the different types, and commercial varieties, can be found at www.dahliaworld.co.uk/dahlia.htm & www.dahlia-nds.co.uk/web2b.htm

Roses: Should be $\frac{3}{4}$ open with a firm pointed centre. The condition of the guard petals should be ignored by the judge and can, if necessary, be removed, but do not remove any more petals.

Sweet Peas: Should, if possible, show 4 flowers per stem – with long straight stems. Everlasting Sweet Peas are not allowed in this class.

Foliage pot plants: No flowers or buds showing and the shape even. Leaves to be clean and showing no blemishes.

Flowering pot plant: Floriferous with an even distribution of flowers and buds. Dead flowers, seed pods etc, must be removed. Leaves to be clean and free from damage.

FRUIT

Pick as near to show time as practicable. Stalks must always be left on hard fruit (e.g. apples and pears). For apples the stalk should be downwards. Keep stalks on gooseberries and soft berry fruit. Currants should be in strigs with full complement of berries and of uniform colour.

COOKERY *(all items should be covered in cling film)*

Bread: Well risen and evenly baked with no shaping cracks or cooling rack marks. Internal texture light and even with no holes or streaks. Wholemeal will be less risen and closer in texture than white. Loaves to be displayed on a board. Rolls in a basket. All yeast products should be a minimum of 24 hours old.

Scones: Even in shape, size and colour (suitable size 2 to 2½” – 5 to 6cms). Erect and flat on top – almost as tall as round. Texture firm and springy. Cheese scones should be cut with a plain cutter. Glaze with milk or egg, can be sprinkled with cheese.

Victoria Sandwich: Top should be flat without air bubbles, no cooling rack marks. Both halves the same thickness. Fill with raspberry jam and light sprinkling of caster sugar on top.

Cakes: Should generally be well risen, even in shape and baking. Any fruit evenly distributed. Domed top with slight cracking acceptable for light fruitcakes. No cooling rack marks.

Shortbread: Flavour much enhanced by using butter. Cut uniformly and cover with light sprinkling of caster sugar (better added when warm).

Cordial: Cordials/Squash should be presented in clear glass bottles.

General: A fluted cutter or tin should be used for all sweet flans and scones etc with no pastry decoration. A plain cutter is used for all savoury items; pastry leaves etc are acceptable.
