

# Wisborough Green Farmers Market

**O**n Valentine's Day Green Market visited the picturesque village of Wisborough Green for the Farmers Market, held on the second Thursday of each month. Set in the Village Hall, behind the Village Pond (A272) the market hosts a wide range of local stallholders, each with their own story to tell. There is a wide range of goods is on sale and we met some lovely people who were all enthusiastic about their local market.
