Other comments (Building Materials):

- Like having a variety of materials, ie, different looks.
- A mixture of all types – must be local materials, no timber panels, this is not N. America.
- Red clay roof tiles – wooden window frames and doors not plastic.
- Clay tiles please.
- Choice of local materials and natural soft pastel colours to emphasize rural nature of village please.
- Hanging tiles is good for a majority but please provide a little variation to retain character.
