D			3			Velux in roofs not a good blend with historical character of WG. Not keen on velux.
E		2		3		E – is ugly – too stark. Is most appealing 2 storey.
F			1			No dormers
G		3		4		OK. Good. Exterior chimney attractive and links into roof.

I			3			We don't want fake chimneys in WG. Ridge too short – pitch too steep – awful!

Other comments (Roofs):

- All new houses should have solar panels – agree.
- No solar panels on roofs.
- Roofs with chimneys look best.
- Important – broken pitch for the roofs and build workable chimneys.
- Clay tiles and brick chimneys.
- Roofs hipped, mixture of hanging tiles and stone and brick.
- Chimneys and old style tiles.
