## WISBOROUGH GREEN'S NEIGHBOURHOOD PLAN REVIEW

### Progress Update

The Neighbourhood Plan Review Team are making progress in identifying and agreeing the way forward for the process on behalf of the community.

Our grant funding application was successful and we have now engaged independent professional advice to support the voluntary team with the important site assessment process to ensure clarity and a robust approach to objectivity. Additional independent technical support from Locality (Government backed support) will be used to validate the site allocation process and identify any sites to be taken forward to public consultation.

Within our timeline we are hoping to undertake a Public Consultation Event mid year in the Village Hall to keep you all informed and seek your comment and opinion on the proposed development sites.

We will also be asking you to complete a short questionnaire to provide the evidence and justification for updating the policies within the new Neighbourhood Plan and to perhaps identify new projects to include in the updated Community Action Plan.

In the meanwhile, if you have any ideas or burning issues you feel would be helpful to put forward at this early stage of the Review, please contact me on 01403 700732 - all sensible thoughts welcome!
