

April 2021 Ad Vincula Parish Magazine

Wisborough Green Neighbourhood Plan Review

We are delighted to report that the evidence base for the Neighbourhood Plan review has now been completed and the draft Revised Neighbourhood Plan will go forward to its Regulation 14 consultation, the first of the statutory consultations, from Tuesday 4th May until Friday 18th June 2021.

Included in this Parish magazine should be a consultation booklet for you to comment on the new and revised policies, and the proposed development sites. Please take this opportunity to communicate your views on these important aspects of the draft Revised Neighbourhood Plan. If the booklet is missing, it can be printed from the village website (www.wisboroughgreenpc.org) or spare copies are available at the village shop. If you are currently not venturing out, it can be posted to you by calling the Parish Clerk on 701102.

The process and content of this Neighbourhood Plan review represents extensive work undertaken by the volunteer members of the Steering Group as well as professional organisations and consultants who have all worked on behalf of the WG community. We are grateful for the village's co-operation and support throughout this challenging and often complex process. Unfortunately, we are unable to provide a timescale for the remainder of the consultation process as this will be in the hands of Chichester District Council, but we will continue to provide updates in this magazine.
